BILL OF COMPLAINT FILED BY MINNESOTA.

DOCUMENT OF GREAT LENGTH

PERPETUAL INJUNCTION IS PRAYED FOR.

Washington, Jan. 7.—Attorney General Wallace B. Douglas, of Minnesota, filed today in the United States supreme court the bill of complaint in the case of the state of Minnesota, complainant, against the Northern Securities company, defendants. It is a long document, about 10,000 words, covering 32 pages of printed matter. The bill first points out the direct interest the state has in the proposed consolidation.

Taking up the Northern Securities company it is set forth that it was organized by J. J. Hill, W. P. Clough, J. Pierpont Morgan and "other associates to theatrix unknown," who at the time, were continually in conference over means by which the laws of Minnesota might be successfully evaded or avoided, and that it was so organized solely for the purpose of effecting a consolidation of the Great Northern and Northern Pacific.

Theatrix, claiming to have no other adequate remedy or relief, except as prayed for in equity, asks that the defendant be required to show cause why it should not be perpetually enjoined and restrained:

First—From voting at any meeting of the stockholders of the Great Northern and Northern Pacific the capital of these companies and from attending in any manner such meeting.

Second—From aiding, advising, interfering with, or in any way participating in the management of the two systems.

Third—From permitting any of its officers, agents or servants from acting as representative, director, officer or employee, or exercising any control, management or direction over the same.

Fourth—From making any arrangements or combinations having for their object such joint control.

Fifth—From holding, owning or controlling any of the stock of either company, the defendant company being required to reassign or re-transfer for all such stock to the person from whom it was received, taking in return its own stock issued in exchange therefor and, meanwhile, to be enjoined in all respects in relation to said stock as hereinbefore prayed for.

Sixth—From receiving any more stock of the two companies in case it shall appear that the defendant company has not yet acquired a controlling interest in either.

Seventh—Theatrix prays permission to amend the complaint, if necessary, and bring in other parties for the purpose of giving force and effect to any decree of the court, and asks the court to issue a subpoena against the defendant company, and set a day for the hearing.

Besides Attorney General Douglas, M. D. Munn, of St. Paul, and George P. Wilson, of Minneapolis, are named as counsel.

WILL ADD MORE CARS SOON

SERVICE ON SOUTHWESTERN TO BE IMPROVED.

Low Rates for School Children—Cincinnati Line Has Contracted for its Cars.

General Manager Nelson announces that if business upon the Fort Wayne and Southwestern continues up to the pace set for the past two weeks, he will shortly direct the placing of more cars upon the line in order to shorten the time and handle the traffic more expeditiously. It is also probable that a local car will be placed in service between Roanoke and Huntington, as the traffic at the west end of the line is considerably heavier than at the Fort Wayne end. Another innovation now being introduced is a permit which will enable school children to get a five cent rate to and from school. This is granted only for a distance of seven miles out of Fort Wayne, and upon the presentation of a certificate issued by the

auditor, R. B. Stephens, and bearing the certificate of a teacher that the person holding it is a bona fide pupil and entitled to the low fare. The company has already issued a number of these permits.

CONTRACT FOR CARS.
The Fiqua, Ohio, Leader-Dispatch says: Yesterday the Fiqua Trolley Car company was awarded the contract for supplying the electric line now under construction to connect Fort Wayne, Dayton and Cincinnati, the road which is to pass through Greenville, Bradford and Troy, with trolley cars for equipment in all the cities through which the road will pass. This invention is quite popular and is said to give entire satisfaction. The road from Lebanon to Cincinnati will also be equipped with the Fiqua product.

FAILURE TO OPERATE FATAL.

Evans Dickerson, the ten-year-old son of a prominent resident of Montpelier, is lying at the point of death at Hope hospital, the result of failure to operate for appendicitis, the disease since having developed into obstruction of the bowels. He was brought here last evening and taken to Hope hospital, and as soon as possible an operation was performed by Dr. Porter, but the case had been allowed to run too long. He did not rally from the operation and his death is believed to be merely a matter of hours.

TO HEAR APPEAL

PRESIDENT WILL REVIEW THE SCHLEY CASE.

HAS CONSENTED TO DO SO

REVERSAL OF LONG'S APPROVAL IS ASKED.

DISAPPROVAL OF FINDINGS

WHY ADMIRAL SCHLEY CALLED AT THE WHITE HOUSE.

Washington, Jan. 7.—The object of Admiral Schley's visit to the white house yesterday was to request the president to entertain and consider an appeal for the reversal of the action of Secretary Long and the disapproval of the majority judgment of the court of inquiry. The interview was satisfactory, the president granting the admiral's request. Messrs. Rayner and Teague today will assist Admiral Schley in the preparation of the appeal.

The interview with the president was arranged in advance and at its conclusion Admiral Schley left the white house in a satisfied state of mind. He had been given a full opportunity to present the case from his standpoint and to acquaint the president with many details of which the latter could not have any knowledge. While Admiral Schley would not make any statement regarding the matters discussed, holding that an interview between a naval officer and his commander-in-chief should be regarded as confidential, it is understood that he brought to the president's attention many of the alleged injustices and discrepancies of the majority report of the court of inquiry.

Admiral Schley's interview with the president was the result of his determination to exhaust every means in his power to overturn the judgment which has been rendered against him. His new appeal will be different from that submitted to the navy department, bringing out some new facts which have an important bearing upon the controversy.

Messrs. Rayner and Teague, counsel for Rear Admiral Schley, came over from Baltimore today and were closeted for several hours with their client. Admiral Schley would not discuss the matter, beyond stating that he had asked his counsel to some extent that he might acquaint them with the result of his talk with President Roosevelt and agree upon the best method of bringing the facts before the president.

While it is not definitely known how much time was afforded in which to prepare the appeal, it is understood to be the wish of President Roosevelt that the matter be presented early as possible.

The following statement was given out by Admiral Schley's counsel at the conclusion of the conference:

"Admiral Schley has concluded, after mature and careful deliberation, to appeal from the majority decision of the court of inquiry to the president of the United States as commander-in-chief of the army and navy. This action having been determined upon, nothing more can be divulged at this time, the regulations of the navy being such that the nature of the proposed appeal cannot be revealed except by the president, after the formal documents have been filed with him."

Mr. Rayner stated that it will take some time to prepare the appeal and that it will not be filed with the president until after the return of Admiral Schley from his visit to Savannah, about the 20th inst.

A WOMAN IS WITH GUNKLER

ABSCONDING HUSBAND LIVING IN LOUISVILLE.

His Companion Has Two Children and is Believed to be Mrs. Healy—Arrest May Follow.

Several days ago Superintendent of Police Gorsline wrote to the chief of police of Louisville, Ky., asking him to locate John Gunkler, the piano salesman whose escape has frequently been referred to in these columns, and learn what he could of him. This morning the superintendent received a letter from Acting Chief Gunther stating that Gunkler is and has been in the employ of the Montenegro-Biehlm Music company since December 15 last; that he is accompanied by a woman and two children, and that it was not known whether the woman was his wife or not. Mrs. Gunkler, who lives at 47 Hillside avenue, this city, knows that the woman is not. Humane Officer Schlaudroff was instructed to see Mrs. Gunkler at once and inform her of the situation, and at the same time notify her that if she desires her recalcitrant husband arrested she must deposit the money necessary for expenses in bringing him here with the superintendent, as the police department has no fund upon which to draw for expenses of this kind.

It is well known that the unfortunate and deserted Mrs. Gunkler has no money at all and may be reduced to the extremity of applying to the township trustees for aid to secure necessities. Superintendent Gorsline is helpless in the matter and suggests that if the woman will agree to prosecute that the matter be turned over to the sheriff, who is not restricted so closely in matters of this kind as the police officers are.

On his return Officer Schlaudroff reported that Mrs. Gunkler is entirely willing to prosecute and was entirely unable to guarantee the expenses which would be incurred in an effort to bring Gunkler home to justice. At noon Superintendent Gorsline turned the matter over to Sheriff Stout, who is undecided what to do. The only charge which could be made would be wife desertion and that is not an extraditable offense and it is not at all likely that Gunkler would be clump enough to ram his head into the halter by agreeing to come with the officer unless forced to. The present outlook is that the man will be allowed to go his way unmolested.

PATIENT WAS VERY AGED.

O. E. Jamison, a retired Marion township farmer, who is now making his home with his daughter, Mrs. Geo. Freedy, of 398 South Harrison street, underwent a rather severe surgical operation Monday and passed through it nicely. Dr. Ruhl removed a large tumor from his shoulder. Mr. Jamison is 82 years of age.

A MUSICAL TREAT.

Next Sunday evening at the First Presbyterian church, a musical program of unusual excellence will be given by the members of the choir. The program to be presented has been under rehearsal for some time under the direction of Prof. Miles, and it includes solos, duets, quartets and double quartets. TALKED OF CANAL

HOUSE BEGINS DISCUSSION OF THE MEASURE.

HEPBURN OPENS THE DEBATE

URGES MEASURE FOR CHOICE OF NICARAGUAN ROUTE.

MORGAN'S CANAL RESOLUTION

HE SPEAKS BITTERLY OF THE PANAMA COMPANY.

Washington, Jan. 7.—There was a fairly large attendance in the galleries of the house today in anticipation of the opening of the debate upon the Nicaraguan canal bill, which had been made a special order for today. By the terms of the order the bill will continue before the house until disposed of.

Without preliminary business, the house went into committee of the whole (Mr. Grosvenor, of Ohio, in the chair) for the consideration of the canal bill, and Mr. Hepburn, of Iowa, the chairman of the committee on interstate and foreign commerce, which reported the bill, took the floor to open the debate. He said the subject of a water way across the isthmus connecting the Atlantic and Pacific oceans had been in the minds of the people of the world for more than four hundred years.

In concluding, Mr. Hepburn said there might be some interests in the United States which believed they would be harmed by the rivalry of this canal and there were gentlemen of honest purpose who thought the time was not ripe for the building of a canal or that an enterprise of such magnitude should not be undertaken. They were perhaps terrified by the spectre of scandal. "But," he concluded, "I insist that the American people have made their desire that the canal shall be built and that now is the time to build it." (Applause.)

Mr. Hepburn was followed by Mr. Davis, of Florida, in favor of the bill.

IN THE SENATE.

Washington, Jan. 7.—In the course of his invocation in the senate today, the chaplain referred to "that body of able and accomplished men who send forth reports of the proceedings."

Among the oldest senators and officials of the body it was noted that this was the first time in the history of the senate that the reporters and correspondents were prayed for in the United States senate.

Mr. Morgan offered the following resolution: "That the committee on inter-oceanic canals have leave to sit during the sessions of the senate to execute the resolution of the senate passed on the 21st of May, 1900, which is hereby continued in force, and that said committee be further empowered to make inquiry and report with reference to any agreements or concert of action between any railroad companies in the United States or in Canada or Panama, or of any American line of ships to control transportation, or the rates thereof, for cargoes or passengers passing across the Isthmus of Panama, and in regard to any matter referred to said committee by order of the senate."

In answer to inquiries as to the scope of the resolution, Mr. Morgan explained that he understood certain contracts between railroads of this country and Canada and the Panama canal company existed looking to the diversion of freight.

"It is the most wicked monopoly that ever existed," declared Mr. Morgan, "and already has cost the people of the Pacific coast millions of dollars."

The resolution, at the conclusion of Mr. Morgan's statement, was adopted.

On motion of Mr. Morgan, the senate at 1:25 p. m., adjourned until 2 p. m. tomorrow.

EVANGELISTIC SERVICES.

Grace Reformed church is observing the week of prayer and has inaugurated an evangelistic campaign that shall continue for several months. Some of the meetings this week are held at the homes of members and friends of the church, and some will be held in the church parlors. The meeting last night was held at the home of Mrs. Knight, on Randolph street. This evening services will be held at the home of Mr. and Mrs. David Walter, 146 East Lewis street; Thursday evening, with Mr. and Mrs. Frank Wright, 408 East Wayne street, and Wednesday and Friday evenings in the church.

The cottage meetings will be held for several weeks. Sunday night the pastor begins a series of evangelistic sermons on the book of Jonah, his subject being, "Jonah Fleeing From the Presence of the Lord." It is expected that an evangelist will assist in the meetings later in the season.

PLANS ARE ACCEPTED.

Decatur Journal: "The plans of Henry W. Meyers, an architect of Fort Wayne, have just been adopted by the Zion Lutheran denomination at Friedhelm for a large brick church. A committee met last evening in this city and looked over the plans. Work will begin in the spring, just as soon as the weather permits. The building will cost \$10,000."

OLD FLORIST FIRM SELLS OUT

MARKEY BROS. TO RETIRE FROM THE BUSINESS.

Interests are Purchased by W. J. and M. S. Vesey, Who Will Continue Establishments.

Markey Bros., one of the oldest firms of florists in this section of the state, have sold their interests to W. J. and M. S. Vesey, and will retire from the business. The Markey firm was composed of Edward J. and Willis J. Markey and they succeeded to a business established perhaps thirty years ago.

The Vesey greenhouses, on Thompson avenue, were established about ten years ago and have built up a remarkable business. It is now the intention to combine the purchase just made with the Vesey plant upon the south side and workmen are already removing the Markey greenhouses at West Jefferson and Ewing streets. The main plant of the Markey firm, located on Greeley street, north of the Nickel Plate railroad tracks, was also included in the sale, but it will remain undisturbed for the present. Some time during the coming year, however, it will also be removed and combined with the other Vesey interests on Thompson avenue.

LIVE STOCK BURNS IN BARN

LOSS OF \$4,500 IN LAFAYETTE TOWNSHIP FIRE.

Barn of Mrs. Ralph Bowman Totally Destroyed on Monday, With No Insurance.

Mrs. Ralph Bowman, a widow residing in Lafayette township, twelve miles southwest of the city, suffered a severe loss from fire on Monday, when the barn upon her farm was totally destroyed. Two fine horses and eighteen head of hogs were cremated in the blaze.

The fire occurred about 10 o'clock in the forenoon and is believed to have resulted from a spark from an engine which was being used to operate a corn shredder. Despite the prompt efforts of neighbors the fire gained headway so quickly that it was impossible to even rescue the live stock from the burning structure.

In addition to the horses and the hogs, about 600 bushels of rye, some other grains and hay were burned, and the loss will reach fully \$4,500. There is no insurance. Mrs. Bowman's husband died about two months ago.

LOCAL LINES.

The Retail Merchant's association ball will occur on Thursday evening in Saengerbund hall.

A meeting of the directors of the Golf club was held last evening and the following new members were admitted: Edward White, S. F. Hanna, Fred J. Hartman, A. L. Seales, F. S. Hunting, Nelson B. McLean, W. H. Fleming, J. M. Kuhns, Albert S. Bond, Owen N. Heaton and W. J. Vesey. The club is growing rapidly and is in a very satisfactory condition at present.

Mrs. James A. Ludington was tendered a very pleasant surprise party last evening by a company of friends in celebration of the forty-first anniversary of her birth. The members of the party were the Athens and Up-to-date Thimble clubs, with a few neighbors. Progressive poems were the feature of the evening, prizes being won by Miss Laundry and Dr. Pierce, while the booties were awarded to Tance and J. V. Bobbins. Mrs. Ludington was presented with a handsome parrot in honor of the occasion.

EAST ST. LOUIS BANK BLOWN AND LOOTED.

CRACKSMEN SECURED \$5,000

TWO WATCHMEN AND FIREMAN CAPTURED AND BOUND.

PRISONERS FOR NINE HOURS

WHILE THE ROBBERS WORKED ON THE STEEL VAULT.

St. Louis, Mo., Jan. 7.—Six masked men entered the National Stock Yards bank, north of East St. Louis, Ill., last night, and after capturing and gagging the two night watchmen and firemen at the plant and blowing open the vaults with dynamite, secured \$5,000 in coin and currency, with which they decamped. For nine hours, from 7 o'clock last night until 4 o'clock this morning, they were at work on the vaults without being interfered with. The entire East St. Louis police force, aided by the St. Louis police, are guarding all the avenues of escape, but as yet have obtained no clue to the whereabouts of the robbers, who, it is believed, escaped on horseback.

Lee Phillipot, one of the watchmen, a rough rider friend of President Roosevelt and a member of the well known Kentucky family of that name, was the first to meet with the robbers.

With nitro-glycerine the robbers blew open the steel doors of the vault. The explosion destroyed more books and papers and scattered about \$800 in gold coin and silver upon the floor. This money was not taken by the robbers. They took all the currency and other coin, amounting to about \$5,000, as nearly as the bank's officers can estimate.

President C. Gordon Knox, of the Stock Yards bank, said that if the robbers had made their haul the night before they would have secured about \$10,000 more than they got. They did not take any of the bank's papers, most of which were damaged by the explosion. The vault and safe present a scene of wreck and ruin.

All the robbers wore masks. In addition to the \$5,000 the robbers secured \$650 left with the bank by Assistant Postmaster Bushnell, of the stock yards. This is the bank whose officers recently swore out a warrant charging Theodore Dudleyton, the assistant cashier, with embezzling \$12,000.

The entire route to the palace was lined with troops.

The imperial cortage entered the Forbidden City at 1:30 o'clock this afternoon. It was the most brilliant scene Pekin ever witnessed. The procession consisted of a thousand gorgeously attired noblemen mounted upon glitteringly caparisoned horses.

The emperor and empress dowager entered the temple in the gate and burned incense. The dowager empress upon emerging from the temple saw the foreigners peering down and bowed.

IN THE SENATE.

Washington, Jan. 7.—In the course of his invocation in the senate today, the chaplain referred to "that body of able and accomplished men who send forth reports of the proceedings."

Among the oldest senators and officials of the body it was noted that this was the first time in the history of the senate that the reporters and correspondents were prayed for in the United States senate.

Mr. Morgan offered the following resolution: "That the committee on inter-oceanic canals have leave to sit during the sessions of the senate to execute the resolution of the senate passed on the 21st of May, 1900, which is hereby continued in force, and that said committee be further empowered to make inquiry and report with reference to any agreements or concert of action between any railroad companies in the United States or in Canada or Panama, or of any American line of ships to control transportation, or the rates thereof, for cargoes or passengers passing across the Isthmus of Panama, and in regard to any matter referred to said committee by order of the senate."

In answer to inquiries as to the scope of the resolution, Mr. Morgan explained that he understood certain contracts between railroads of this country and Canada and the Panama Canal company existed looking to the diversion of freight.

"It is the most wicked monopoly that ever existed," declared Mr. Morgan, "and already has cost the people of the Pacific coast millions of dollars."

The resolution, at the conclusion of Mr. Morgan's statement, was adopted.

On motion of Mr. Morgan, the senate at 1:25 p. m., adjourned until 2 p. m. tomorrow.

A WOMAN IS WITH GUNKLER

ABSCONDING HUSBAND LIVING IN LOUISVILLE.

His Companion Has Two Children and is Believed to be Mrs. Healy—Arrest May Follow.

Several days ago Superintendent of Police Gorsline wrote to the chief of police of Louisville, Ky., asking him to locate John Gunkler, the piano salesman whose escapade has frequently been referred to in these columns, and learn what he could of him. This morning the superintendent received a letter from Acting Chief Gunther stating that Gunkler is and has been in the employ of the Montenegro-Riehm Music company since December 15 last; that he is accompanied by a woman and two children, and that it was not known whether the woman was his wife or not. Mrs. Gunkler, who lives at 47 Hillside avenue, this city, knows that the woman is not. Humane Officer Schlaudroff was instructed to see Mrs. Gunkler at once and inform her of the situation, and at the same time notify her that if she desires her recalcitrant husband arrested she must deposit the money necessary for expenses in bringing him here with the superintendent, as the police department has no fund upon which to draw for expenses of this kind.

It is well known that the unfortunate and deserted Mrs. Gunkler has no money at all and may be reduced to the extremity of applying to the township trustee for aid to secure necessities. Superintendent Gorsline is helpless in the matter and suggests that if the woman will agree to prosecute that the matter be turned over to the sheriff, who is not restricted so closely in matters of this kind as the police officers are.

On his return Officer Schlaudroff reported that Mrs. Gunkler is entirely willing to prosecute and was entirely unable to guarantee the expenses which would be incurred in an effort to bring Gunkler home to justice. At noon Superintendent Gorsline turned the matter over to Sheriff Stout, who is undecided what to do. The only charge which could be made would be wife desertion and that is not an extraditable offense and it is not at all likely that Gunkler would be clumped enough to ram his head into the halter by agreeing to come with the officer unless forced to. The present outlook is that the man will be allowed to go his way unmolested.

PATIENT WAS VERY AGED.

O. E. Jamison, a retired Marion township farmer, who is now making his home with his daughter, Mrs. Geo. Freeby, of 396 South Harrison street, underwent a rather severe surgical operation Monday and passed through it nicely. Dr. Ruhl removed a large tumor from his shoulder. Mr. Jamison is 92 years of age.

A MUSICAL TREAT.

Next Sunday evening at the First Presbyterian church, a musical program of unusual excellence will be given by the members of the choir. The program to be presented has been under rehearsal for some time under the direction of Prof. Miles, and it includes solos, duets, quartets and double quartets. The program will take the place of the regular evening service.

GEORGE N. WISWELL DEAD.

A BOLD ROBBERY

EAST ST. LOUIS BANK BLOWN AND LOOTED.

CRACKSMEN SECURED \$5,000

TWO WATCHMEN AND FIREMAN CAPTURED AND BOUND.

PRISONERS FOR NINE HOURS

WHILE THE ROBBERS WORKED ON THE STEEL VAULT.

St. Louis, Mo., Jan. 7.—Six masked men entered the National Stock Yards bank, north of East St. Louis, Ill., last night, and after capturing and gagging the two night watchmen and firemen at the plant and blowing open the vaults with dynamite, secured \$5,000 in coin and currency, with which they decamped. For nine hours, from 7 o'clock last night until 4 o'clock this morning, they were at work on the vaults without being interfered with. The entire East St. Louis police force, aided by the St. Louis police, are guarding all the avenues of escape, but as yet have obtained no clue to the whereabouts of the robbers, who, it is believed, escaped on horseback.

Lee Phillipot, one of the watchmen, a rough rider friend of President Roosevelt and a member of the well known Kentucky family of that name, was the first to meet with the robbers.

With nitro-glycerine the robbers blew open the steel doors of the vault. The explosion destroyed more books and papers and scattered about \$800 in gold coin and silver upon the floor. This money was not taken by the robbers. They took all the currency and other coin, amounting to about \$5,000, as nearly as the bank's officers can estimate.

President C. Gordon Knox, of the Stock Yards bank, said that if the robbers had made their haul the night before they would have secured about \$10,000 more than they got. They did not take any of the bank's papers, most of which were damaged by the explosion. The vault and safe present a scene of wreck and ruin.

All the robbers wore masks. In addition to the \$5,000 the robbers secured \$550 left with the bank by Assistant Postmaster Bushnell, of the stock yards. This is the bank whose officers recently swore out a warrant charging Theodore Duddleston, the assistant cashier, with embezzling \$12,000.

IMPERIAL COURT IN PEKIN

ROYAL PARTY ENTERS THE FORBIDDEN CITY.

Entrance of the Imperial Cortège Marks Most Brilliant Scene in Pekin's History.

Pekin, Jan. 7.—The imperial court of the Chinese empire returned to Pekin today. The special train bearing the emperor and dowager empress arrived shortly after noon at Mia Chia Fu station, just outside the city, where thousands of people gathered to receive their majesties. The entire route to the palace was lined with troops.

The imperial cortège entered the Forbidden City at 1:30 o'clock this afternoon. It was the most brilliant scene Pekin ever witnessed. The procession consisted of a thousand gorgeously attired noblemen mounted upon glitteringly caparisoned horses.

The emperor and empress dowager entered the temple in the gate and burned incense. The dowager empress upon emerging from the temple saw the foreigners peering down and bowed.

TROUBLE WITH RUSSIANS.

Washington, Jan. 7.—A serious clash has occurred between American sailors of the United States steamship Vicksburg and the Russian soldiery at Nieuchang, China. There have been fighting and as a result one Russian soldier is reported wounded. The matter was made the subject of complaint by the Russian ambassador at Pekin to United States Minister Conger and Mr. Conger in turn has informed the state department.

The Knights and Ladies of Columbia will hold a public installation of officers and musical tomorrow night in Macabees hall. Supreme Lady Counsellor Breed, of Toledo, will install the officers. While here she will be the guest of Mr. and Mrs. M. Hutchins, of Hurd street.

OLD FLORIST FIRM SELLS OUT

MARKEY BROS. TO RETIRE FROM THE BUSINESS.

Interests are Purchased by W. J. and M. S. Vesey, Who Will Continue Establishments.

Markey Bros., one of the oldest firms of florists in this section of the state, have sold their interests to W. J. and M. S. Vesey, and will retire from the business. The Markey firm was composed of Edward J. and Willis J. Markey and they succeeded to a business established perhaps thirty years ago.

The Vesey greenhouses, on Thompson avenue, were established about ten years ago and have built up a remarkable business. It is now the intention to combine the purchase just made with the Vesey plant upon the south side and workmen are already removing the Markey greenhouses at West Jefferson and Ewing streets. The main plant of the Markey firm, located on Greeley street, north of the Nickel Plate railroad tracks, was also included in the sale, but it will remain undisturbed for the present. Some time during the coming year, however, it will also be removed and combined with the other Vesey interests on Thompson avenue.

LIVE STOCK BURNS IN BARN

LOSS OF \$4,500 IN LAFAYETTE TOWNSHIP FIRE.

Barn of Mrs. Ralph Bowman Totally Destroyed on Monday, With No Insurance.

Mrs. Ralph Bowman, a widow residing in Lafayette township, twelve miles southwest of the city, suffered a severe loss from fire on Monday, when the barn upon her farm was totally destroyed. Two fine horses and eighteen head of hogs were cremated in the blaze.

The fire occurred about 10 o'clock in the forenoon and is believed to have resulted from a spark from an engine which was being used to operate a corn shredder. Despite the prompt efforts of neighbors the fire gained headway so quickly that it was impossible to even rescue the live stock from the burning structure.

In addition to the horses and the hogs, about 600 bushels of rye, some other grains and hay were burned, and the loss will reach fully \$4,500. There is no insurance. Mrs. Bowman's husband died about two months ago.

LOCAL LINES.

The Retail Merchant's association ball will occur on Thursday evening in Saengerbund hall.

A meeting of the directors of the Golf club was held last evening and the following new members were admitted: Edward White, S. F. Hanna, Fred J. Hartman, A. L. Searles, F. S. Hunting, Nelson B. McLean, W. H. Fleming, J. M. Kuhns, Albert S. Bond, Owen N. Heaton and W. J. Vesey. The club is growing rapidly and is in a very satisfactory condition at present.

Mrs. James A. Ludington was tendered a very pleasant surprise party last evening by a company of friends in celebration of the forty-first anniversary of her birth. The members of the party were the Athens and Up-to-Date Thimble clubs, with a few neighbors. Progressive pedro was the feature of the evening, prizes being won by Miss Laferity and Dr. Pierce, while the boobies were awarded to Ponce and J. V. Robbins. Mrs. Ludington was presented with a handsome parrot in honor of the occasion.

SMITH'S INTERNAL REMEDY
MAKES REMARKABLE CURES
OF CATARRH.

People who have used sprays, inhalers, salves and washes for catarrh and have found how useless and inconvenient they are, will be agreeably surprised at results following the use of a pleasant, internal remedy in tablet form; druggists everywhere admit that Stuart's Catarrh Tablets, which they sell at 50 cents for full sized treatment is the safest and most effective and popular of all catarrh remedies.

Nearly all cheap cough mixtures and throat lozenges contain opiates; these cheap medicines give a temporary relief, especially with little

children, by destroying nerve sensation; the irritation in throat, which causes coughing, is temporarily removed, not by removing the cause, but by deadening the nerves of feeling the irritation is not felt although it is still there and will promptly return.

Stuart's Catarrh Tablets is the best remedy to remove catarrhal secretion, whether in the nose, throat or stomach because they are composed of wholesome antiseptics like Red Gum, Blood Root, etc.; when you use these tablets you know what you are putting into your system and not taking chances with cocaine, opiates or similar poisons found in so many catarrh cures and cough medicines.

Dr. Rameyell in commenting on catarrh cures says: "I can heartily recommend Stuart's Catarrh Tablets, because they contain no cocaine nor other dangerous drug found in so many advertised catarrh cures. I have known of many cases of long standing catarrh of the head and throat completely cured by the daily use of these tablets for several weeks. One case in particular, which I could not reach with an inhaler or spray and where the catarrh caused daily headaches and a noticeable loss of hearing was entirely cured by this harmless but effective remedy."

Dr. Wainwright says: "I never hesitate to prescribe Stuart's Catarrh Tablets for catarrhal headaches and catarrhal deafness because I know them to be perfectly safe for child or adult and have seen many remarkable cures resulting from their regular daily use; because they are advertised and sold in drug stores is no reason why any good physician should not use them because we should seize upon the means of cure wherever found."

Stuart's Catarrh Tablets are especially valuable for catarrhal colds in children because they are pleasant to the taste and may be used freely to break up severe colds and croup at the very beginning.

All druggists sell the remedy at fifty cents for full sized package.

ASK CITY FOR NEW CONTRACT

JENNEY LIGHT COMPANY HAS
A PETITION IN.

Would Abrogate Present City Contract and Make Lower Rate Provision for City Ownership.

At a meeting of the board of works yesterday afternoon the Jenney Electric Light and Power company presented a proposition which was accompanied by a new contract for the furnishing of light to the city, to supplant or substitute the contract now in force. The city at present is under contract to pay the Jenney company \$100 per light until July 1, 1904. The new contract proposes to furnish lights at \$80 each, pay the city 2 per cent of the gross receipts and give the city an option to purchase the plant at any time. It is estimated that 2 per cent of the gross receipts would indicate a reduction of \$6.50 per lamp, the saving on the contract for the next two years would amount to \$3.08 per lamp for the term of the contract of ten years asked for, which with the pole tax of \$7.43 per lamp deducted would leave the net cost of each lamp to the city \$63.01. The contract is a lengthy document of twelve or fifteen typewritten pages.

THE PROPOSITION.
The communication accompanying it which recapitulates the terms of the contract is as follows:

"Fort Wayne, Ind., Jan. 6, 1902.—To the Board of Public Works of Fort Wayne, Indiana: Gentlemen—We have been considering for some time the matter of our present contracts with the city of Fort Wayne, and the advisability of suggesting to you a modification of the same. After a very careful consideration of the question in all its phases, and our own as well as the city's welfare, we have determined upon a course of action which we believe will, if concurred in by the city, result very materially to the advantage of the city and which, while it will deprive this company of the benefits of existing contracts and profits to be derived therefrom, will ultimately work out for the good of all concerned.

"Our present contracts with the city will not expire until July 1, 1904, so that they have two and one-half years to run. We have concluded to suggest to you the abrogation of those contracts and the making of a new contract at a very much less figure.

"Under the present contracts the city is paying this company \$100 per lamp for 298 lamps, with 25 lamps that are free. We propose to furnish you the same number of lamps, viz., 323, at \$80 per lamp, which we believe is as low a price as any city of the size of Fort Wayne is paying for a like service. We also propose to pay to the city 2 per cent. of the gross income of the company, estimated at more than \$100,000 per annum, which could fairly be considered as still further reducing the cost per lamp by a very considerable sum.

"We invite your attention to a brief comparison of the cost to the city under the contracts as they now exist and also under the contract as we propose.

"Under the present contract the city pays \$100 per lamp for 298 lamps, with 25 lamps free; or, in other words, it pays for 323 lamps the sum of \$29,800 per annum, or \$92.26 per lamp. The company is now paying to the city about \$2,400 for pole taxes, or about \$7.43 per lamp, thus reducing the cost to the city to \$84.83 per lamp. This estimate, of course, is made without tak-

ing into consideration rebates and general taxes, which are omitted from both of the estimates here given.

"On the other hand, we propose to furnish the same number of lamps at the nominal price of \$80 per lamp; but to ascertain the exact cost to the city there should be deducted from this price per lamp the following amounts, which are either to be paid to the city by the company or saved to the city by the making of the new contract: Seven dollars and forty-three cents, the amount per lamp paid to the city for pole taxes; \$6.50 per lamp, which is the amount of the 2 per cent. which the company will pay to the city on its gross income, estimated at something more than \$100,000 per annum. There should be deducted another sum for the amount saved to the city by the making of the new contract. This saving to the city, the difference between the present price, \$92.26, and the proposed price, \$80.00, or \$12.26 per lamp per year, on 323 lamps for a period of two and one-half years, distributed over a period of ten years, the proposed term of the new contract, would amount to \$3.08 per lamp per year, for ten years.

"Therefore, the actual cost per lamp to the city under the contract we propose will be \$63.01.

"These estimates tabulated, show:

UNDER OLD CONTRACT.
323 lamps cost \$29,800, or
per lamp \$92.26
Average amount of pole taxes,
\$2,400, or per lamp 7.43

Cost per lamp \$94.83
UNDER PROPOSED CONTRACT.
Cost per lamp \$80.00
Average per lamp on
pole tax \$7.43
Average per lamp on 2
per cent income 3.08
Saving per lamp on ab-
rogation of old con-
tract 3.08 16 99

Actual cost per lamp. \$63.01
"We are led to make this proposition to the city for several reasons. The requirements of the outlying and newer districts of the city are increasing to such an extent that we are unable with our present equipment to reach these outlying districts. A little inquiry will show that almost every house that is constructed in our city is wired for electric lighting. In many of these districts there are no facilities for furnishing such light. We very much desire to add new machinery and new lines to our present equipment so that we may be ready to furnish all the light that may be required both by the city and the citizens. In view of these facts and the obvious and pressing necessity of making large extensions to our present equipment, we have felt that it was desirable to take this subject up with the city authorities in advance of the expiration of our present contracts so that these really necessary and urgent improvements and extensions could be undertaken immediately.

"To enable us to carry out these plans it will be necessary to grant us the extension to our franchise as set forth in detail in the accompanying proposal.

"In proposing a new contract with the city we have felt that we ought, in view of all these circumstances, to be generous even to the point of liberality in proposing new terms, and in the form of contract, which we submit herewith, we believe that we have proposed terms that should be met with prompt and hearty approval.

"We desire particularly to call your attention to the saving to the city which this proposed new agreement will effect. The amount to be saved to the city will be \$21.82 per lamp, on 323 lamps, or \$7,047.86 per year, and in two and one-half years, by the time the existing contract would have expired, the city will have saved the substantial sum of \$17,619.65. There will also be a corresponding saving for the remaining period of the new agreement.

"We also ask you to note the section of the proposal under which the city reserves the right to purchase the plant at convenient intervals and that while it has this option, it is not obligated to purchase. This leaves the city free to acquire ownership, whenever it is thought expedient to make the venture.

"The reservation of this option without obligating the city, will, we are sure, commend itself to the prudent and conservative citizen.

"We would, therefore, ask you to take up this subject in the same spirit in which we bring it to your attention, and desire to ask for your favorable action thereon.

"Very respectfully,
"Jenney Electric Light and Power Company.

"J. W. White, President."

Mr. White addressed the board at some length stating that the company was desirous of extending its service and that such extension would necessarily involve the expenditure of a large sum of money for additional equipment as well as for line construction; that before entering upon such construction the company felt as though they should know where they stood with the city with regard to a continuation of their contract and for that reason only they desired to have the matter

The machinery of a mill that grinds day and night has to shut down now and then for repairs. It is the same way with your nerves. Overwork, close application, our ways of living bring about nerve waste that sets up symptoms of various kinds. It may be failing strength—weakness, languor, headache, sleeplessness, etc. Whatever it is nerve force is lacking and the means of restoring rests with Dr. A. W. Chase's Nerve Pills. A great many people in Fort Wayne vouch for this. Among them is Mrs. C. Crouse, of No. 383 West Main St., Fort Wayne, Ind., who says: "I found Dr. A. W. Chase's Nerve Pills I got at Meyer Bros. & Co.'s drug store, No. 14 Calhoun St., a great success as a nerve tonic. I was very nervous and weak as a result of overwork. The Nerve Pills, however, remedied this, giving me good general strength and steady nerves, consequently I am pleased with the medicine."

He stated further that the new contract in no way interfered with proposed municipal ownership and that the city at all times had an option to purchase the plant at a figure to be fixed by appraisal and not at any figure to be fixed by the company. Kidney complaint seems to run in our family and I suffered from it for a long time. THE PROPOSITION.
The communication accompanying it which recapitulates the terms of the contract is as follows:

"Fort Wayne, Ind., Jan. 6, 1902.—To the Board of Public Works of Fort Wayne, Indiana: Gentlemen—We have been considering for some time the matter of our present contracts with the city of Fort Wayne, and the advisability of suggesting to you a modification of the same. After a very careful consideration of the question in all its phases, and our own as well as the city's welfare, we have determined upon a course of action which we believe will, if concurred in by the city, result very materially to the advantage of the city and which, while it will deprive this company of the benefits of existing contracts and profits to be derived therefrom, will ultimately work out for the good of all concerned.

"Our present contracts with the city will not expire until July 1, 1904, so that they have two and one-half years to run. We have concluded to suggest to you the abrogation of those contracts and the making of a new contract at a very much less figure.

"Under the present contracts the city is paying this company \$100 per lamp for 298 lamps, with 25 lamps that are free. We propose to furnish you the same number of lamps, viz., 323, at \$80 per lamp, which we believe is as low a price as any city of the size of Fort Wayne is paying for a like service. We also propose to pay to the city 2 per cent of the gross income of the company, estimated at more than \$400,000 per annum, which could fairly be considered as still further reducing the cost per lamp by a very considerable sum.

"We invite your attention to a brief comparison of the cost to the city under the contracts as they now exist and also under the contract as we propose.

"Under the present contract the city pays \$100 per lamp for 298 lamps, with 25 lamps free; or, in other words, it pays for 323 lamps the sum of \$32,300 per annum, or \$82.26 per lamp. The company is now paying to the city about \$2,400 for pole taxes, or about \$7.43 per lamp, thus reducing the cost to the city to \$94.83 per lamp. This estimate, of course, is made without tak-

ing into consideration rebates and general taxes, which are omitted from both of the estimates here given.

"On the other hand, we propose to furnish the same number of lamps at the nominal price of \$80 per lamp; but to ascertain the exact cost to the city there should be deducted from this price per lamp the following amounts, which are either to be paid to the city by the company or saved to the city by the making of the new contract: Seven dollars and forty-three cents, the amount per lamp paid to the city for pole taxes; \$6.50 per lamp, which is the amount of the 2 per cent, which the company will pay to the city on its gross income, estimated at something more than \$100,000 per annum. There should be deducted another sum for the amount saved to the city by the making of the new contract. This saving to the city, the difference between the present price, \$92.26, and the proposed price, \$80.00, or \$12.26 per lamp per year, on 323 lamps for a period of two and one-half years, distributed over a period of ten years, the proposed term of the new contract, would amount to \$3.06 per lamp per year, for ten years.

"Therefore, the actual cost per lamp to the city under the contract we propose will be \$63.01.

"These estimates tabulated, show:

UNDER OLD CONTRACT.
323 lamps cost \$29,800, or
per lamp \$92.26
Average amount of pole taxes,
\$2,400, or per lamp 7.43

Cost per lamp \$94.83

UNDER PROPOSED CONTRACT.
Cost per lamp \$80.00

Average per lamp on
pole tax \$7.43

Average per lamp on 2
per cent income 6.50

Saving per lamp on abro-
gation of old con-
tract 3.06 16 93

Actual cost per lamp. \$63.01

"We are led to make this proposition to the city for several reasons. The requirements of the outlying and newer districts of the city are increasing to such an extent that we are unable with our present equipment to reach these outlying districts. A little inquiry will show that almost every house that is constructed in our city is wired for electric lighting. In many of these districts there are no facilities for furnishing such light. We very much desire to add new machinery and new lines to our present equipment so that we may be ready to furnish all the light that may be required both by the city and the citizens. In view of these facts and the obvious and pressing necessity of making large extensions to our present equipment, we have felt that it was desirable to take this subject up with the city authorities in advance of the expiration of our present contracts so that these really necessary and urgent improvements and extensions could be undertaken immediately.

"To enable us to carry out these plans it will be necessary to grant us the extension to our franchise as set forth in detail in the accompanying proposal.

"In proposing a new contract with the city we have felt that we ought, in view of all these circumstances, to be generous even to the point of liberality in proposing new terms, and in the form of contract, which we submit herewith, we believe that we have proposed terms that should be met with prompt and hearty approval.

"We desire particularly to call your attention to the saving to the city which this proposed new agreement will effect. The amount to be saved to the city will be \$21.82 per lamp, on 323 lamps, or \$7,047.66 per year, and in two and one-half years, by the time the existing contract would have expired, the city will have saved the substantial sum of \$17,619.65. There will also be a corresponding saving for the remaining period of the new agreement.

"We also ask you to note the section of the proposal under which the city reserves the right to purchase the plant at convenient intervals and that while it has this option, it is not obligated to purchase. This leaves the city free to acquire ownership, whenever it is thought expedient to make the venture.

"The reservation of this option without obligating the city, will, we are sure, commend itself to the prudent and conservative citizen.

"We would, therefore, ask you to take up this subject in the same spirit in which we bring it to your attention, and desire to ask for your favorable action thereon.

"Very respectfully,
"Jenney Electric Light and Power Company."

"J. W. White, President."

Mr. White addressed the board at some length stating that the company was desirous of extending its service and that such extension would necessarily involve the expenditure of a large sum of money for additional equipment as well as for line construction; that before entering upon such construction the company felt as though they should know where they stood with the city with regard to a continuation of their contract and for that reason only they desired to have the matter

GIVE OUT.**

The machinery of a mill that grinds day and night has to shut down now and then for repairs. It is the same way with your nerves. Overwork, close application, our ways of living bring about nerve waste that sets up symptoms of various kinds. It may be falling strength—weakness, languor, headache, sleeplessness, etc. Whatever it is, nerve force is lacking and the means of restoring rests with Dr. A. W. Chase's Nerve Pills. A great many people in Fort Wayne vouch for this. Among them is Mrs. C. Crouse, of No. 383 West Main St., Fort Wayne, Ind., who says: "I found Dr. A. W. Chase's Nerve Pills I got at Meyer Bros. & Co.'s drug store, No. 14 Calhoun St., a great success as a nerve tonic. I was very nervous and weak as a result of overwork. The Nerve Pills, however, remedied this, giving me good general strength and steady nerves, consequently I am pleased with the medicine."

readjusted now so that work could be commenced immediately. He stated further that the new contract in no way interfered with proposed municipal ownership and that the city at all times had an option to purchase the plant at a figure to be fixed by appraisal and not at any figure to be fixed by the company. The board agreed to take up the matter immediately with the city attorney and be ready to discuss the mat-

ter at the meeting on Thursday evening.

SO DECEPTIVE.

**MANY FORT WAYNE PEOPLE
FAIL TO REALIZE THE SER-
IOUSNESS.**

Backache is so deceptive. It comes and goes—keeps you guessing. Learn the cause—then cure it. Nine times out of ten it comes from the kidneys. That's why Doan's Kidney Pills cure it. Cure every kidney ill from back troubles to diabetes. Here's a Fort Wayne case to prove it:

Mrs. John Falcones, of 71 West Williams street, says: "I have given Doan's Kidney Pills, sold at Meyer & Co.'s drug store, a good trial and I can honestly say that I believe them to be a most worthy remedy and one that can be depended upon in any case where it is possible for medicines to cure. Kidney complaint seems to run in our family and I suffered from it for a long time. Before I began to take Doan's Kidney Pills I had terrible pains across the small of my back and it was so lame that I could hardly stoop or move about to attend to my household work. After I finished the second box of this valuable remedy all the symptoms of my former trouble passed away."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name—Doan's—and take no substitute.

A GREAT MAN'S IDEA.

GENIUS, as Ruskin defines it, is simply a superior power of seeing. Have you the genius to see how important an element in the success of your house-keeping is the use of Ivory Soap? Judged by the work it does Ivory is the cheapest soap in America to-day. It is harmless. Embroideries, laces and delicate stuffs should be washed only with Ivory Soap.

SURRENDERED.

To Hot Biscuits and Warm Pie.

Bombarding a stomach with hot biscuits and warm pie, plenty of butter, bacon, greasy potatoes and a few other choice delicacies, will finally cause the fortifications to give way. Then how to build back on good food is worth knowing.

A man in Factoryville, Pa., attacked his stomach in about this way and says: "The sign of surrender was plain in my white, colorless face. At that time every article of food distressed me, and heartburn kept me in continued misery. I liked all sorts of breakfast foods, but they did not agree with me. Of course, much of the food that I ate contained nourishment, but my stomach could not get the nourishment out. I tried peppin and other aids to digestion, which worked for a time and then gave out. Finally I reasoned, when in an extremity, that if the stomach could not digest the food, why not take some food that was already digested, like Grape-Nuts? So I started in on Grape Nuts and the new food won my palate straight away and agreed with me beautifully."

"The heavy, oppressive feeling disappeared and I became thoroughly impressed with the new food and began to improve at once. Little by little my strength came back and slowly and surely I gained my lost weight. The wasted tissues and muscles built up, and today I am well, buoyant and strong."

"I unreservedly give the credit to Grape-Nuts, which met me in a crisis and brought me over the dark period of despondency. Nothing else did it for nothing else could be endured."

"Please withhold my name." Name can be given upon application to the Postum Co., Battle Creek, Mich.

How many mothers realize that when
the baby's advent is expected they need
strength for two instead of one. Women,
weak, nervous, just able to drag
around, find themselves confronted
with coming maternity. They have
not strength enough for themselves, how
can they have strength to give a child?
We don't look for the birth of strong
ideas from a weak mind. Why should
we expect the birth of strong children
from weak mothers?

The way to ensure health and strength
to mother and child is to use Dr. Pierce's
Favorite Prescription as a preparative for
motherhood. It brings the mother's
strength up to the requirements of nature,
so that she has strength to give her
child. It nourishes the nerves and so
quiets them. It encourages a natural
appetite and induces refreshing sleep.
"Favorite Prescription" makes weak
women strong and sick women well.
There is no alcohol in "Favorite Prescription" and it is free from opium, cocaine and all other narcotics.

"I wish to let you know the great benefit my
wife derived through taking your 'Favorite
Prescription,'" writes Mr. Robert Harden, of
Bredon, Massachusetts. "It was when her
baby came. We had heard so much of your
medicine that my wife decided to try it.
(I may say my wife's age was thirty-nine
and this was her first child). She commenced
to take 'Favorite Prescription' five months be-
fore her child was born. We have a fine healthy
girl, and we believe that this was solely owing
to the 'Favorite Prescription,' taken faithfully
according to directions. We shall certainly re-
commend it whenever we can."

Kipling's last poem has proved
smoke to the eyes and vinegar to the
teeth of John Bull, who is righteous-
ly indignant and prompt with a de-
nial of all the allegations of the pe-
riodical poet's indictment. To be called
a "hannibal fool" is bad enough, but
"muddled out" is the limit.

The supreme court has put another
capstone on the everlasting Carter
case by affirming the decision of the
United States circuit court of Kan-
sas in denying a writ of habeas cor-
pus. Doubtless there are other moves
the dishonest officer can make to add
variety to his confinement and pun-
ishment, which otherwise would soon
pass from the public mind.

The proposition just filed with the
board of works by the Jenney Elec-
tric Light and Power company ask-
ing for a new contract for city light-
ing and certain franchise grants is
a matter that will interest every citi-
zen. As we read the proposition, it
seems to be admirably fair to the
city. One of the strongest points is

that provision which gives the city
the option to buy the entire plant and
equipment of the Jenney company at
the expiration of five years at a fair
appraisal of value. That would
appear to be about as soon as the city
will be able to engage in municipal
lighting, an enterprise for which pro-
vision has long been making.

Monday Admiral Schley called at
the white house, where he had a con-
ference of some length with the pres-
ident. Forthwith a great furor en-
sued among the capital correspond-
ents, who telegraphed to their pa-
pers conjectures covering the whole
range of possibility from a state-
ment that the president invited the
admiral to have a cigar to an asser-
tion that the president had offered
him Secretary Long's place as head
of the navy department, where the
Santiago hero could have opportunity
without limit to get even with all his
enemies. It is relief to learn that
the conference related to a review by
the president of Secretary Long's ap-
proval of the court of inquiry and
the president has consented to receive
an appeal and make the requested
review.

Fred Willson, of the Grand Forks,
N. D., Herald, arrived in the city
last evening for a brief visit with

relatives. Later Mr. Willson will go
eastward to visit his brother, James
Willson, a cadet at the naval acad-
emy at Annapolis.

FOR THE ELKS' ANNUAL CHAR-
ITY PERFORMANCE.

Minstrel Performances February 6
and 7. Will be Preceded by a
Gorgeous Street Parade.

Chairman Alter's committee, which
has in charge the annual charity en-
tertainment of the Fort Wayne Lodge
of Elks, held a meeting last evening
to perfect arrangements for the
spectacular amusement event which
is to fade all others into a very cheap
shade of yellow. It has been de-
termined to give a minstrel
show and the dates are February 6
and 7.

Two performances are to be given
at the Masonic Temple. The Grubb
minstrel syndicate is to direct the
performance, furnish scenery, cos-
tumes and accessories, but the actors
will be of the home brand exclu-
sively. The proceeds will, as usual,
be distributed among the various
charitable institutions.

The general admission has been
placed at \$1, but a new feature has
been interjected in the disposition of
the boxes at the Temple, which will
be sold at auction, and which will
undoubtedly bring prices far in ex-
cess of the regular admission price.
Preliminary to the opening perfor-
mance a dazzling free street parade
will be given on the afternoon of
February 6.

IN JUSTICES' COURTS.

Peter Haines will shortly be made
to understand that it is foolish busi-
ness to monkey with the legal buzz-
saw and that the quicker a fellow
hops on to the judicial band wagon
as it goes sailing by the quicker he'll
get to the show ground. Peter was a
witness to the runaway accident in
which Robert Romick was killed in
the west end of the city some weeks
ago and was summoned by Coroner
Barnett to appear at the inquest and
give his testimony. Peter refused to
come on the ground that he was too
busy. Now the coroner is getting
busy himself and has filed an af-
fidavit against the industrious Mr.
Haines for refusal to obey a sub-
poena. Justice Bullermann issued
the warrant, which will be served
sometime today.

Justice Bullermann yesterday af-
ternoon fined Owen Gaskill, a bad
youngster, living in the east end, \$1
and costs for assaulting another lad
named Henry Hannefeld, also an east
ender, on December 11. The boys
are about 14 years of age and became
involved with some other boys in a
squabble. Gaskill wound up by be-
ing the whole thing and Hannefeld
became the passive member. His nose
was broken and he was a pretty bad-
ly used up individual all around be-
fore the fight was over.

The many friends of G. H. Hausan,
engineer, L. E. & W. R. R., at pre-
sent living in Lima, Ohio, will be
pleased to know of his recovery from
threatened kidney disease. He
writes: "I was cured by Foley's
Kidney Cure, which I recommended to
all, especially trainmen who are
usually similarly afflicted." Sold by
Dreier & Bro., Fellens & Polster.

CANDIDATES IN TOWN.

Griffith D. Dean, of Marion, has
been in the city the past day or two
interviewing a number of the leading
republicans. Mr. Dean would like
the republican nomination for at-
torney general of Indiana. Charles
W. Miller, of Goshen, who has his
eye upon the same place, is expected
in the city today to feel the political
pulse in this section.

BEWARE OF OINTMENTS FOR CATARRH THAT CONTAIN MERCURY

as mercury will surely destroy the sense of
smell and completely derange the whole ap-
paratus when applied it through the mucous
surfaces. Such articles should never be used ex-

as the damage they will do is ten fold to the
good you can possibly derive from them. Hall's

Lame Shoulders Omega Oil

A person with lame shoul-
ders comes pretty near be-
ing helpless. A lameness in the arms or leg or back is
just about as bad. Some men have to stop work while
suffering in this way, but a woman usually has so much
to do around the house that she just has to keep going as

best she can. The
best remedy for lame-
ness is rest, and a cure
is reached quicker
when the lame
spot is bathed and
rubbed freely with
Omega Oil.
It is an oily

liniment of a
green color,
and is so much
better than
other lini-
ments, and
so different
in all ways,

that you should never lose time fooling with something
else. All good druggists sell Omega Oil, but if you hap-
pen to go where it is not on sale, please tell the druggist
he ought to get a supply of his wholesaler. If you want
any pain or ache to be quickly cured, Omega Oil is the
remedy that will do the work. 50c. a bottle.

That would appear to be about as soon as the city will be able to engage in municipal lighting, an enterprise for which provision has long been making.

Monday Admiral Schley called at the white house, where he had a conference of some length with the president. Forthwith a great furor ensued among the capital correspondents, who telegraphed to their papers conjectures covering the whole range of possibility from a statement that the president invited the admiral to have a cigar to an assertion that the president had offered him Secretary Long's place as head of the navy department, where the Santiago hero could have opportunity without limit to get even with all his enemies. It is relief to learn that the conference related to a review by the president of Secretary Long's approval of the court of inquiry and the president has consented to receive an appeal and make the requested review.

Fred Willson, of the Grand Forks, N. D. Herald, arrived in the city last evening for a brief visit with

relatives. Later Mr. Willson will go eastward to visit his brother, James Willson, a cadet at the naval academy at Annapolis.

CHILDREN POISONED.

Many children are poisoned and made nervous and weak, if not killed outright, by mothers giving them cough syrups containing opiates. Foley's Honey and Tar is a safe and certain remedy for coughs, croup and lung troubles and is the only prominent cough medicine that contains no opiates or other poisons. Sold by Dreier & Bro., Fellens & Folster.

Mrs. Clem Bott and children returned home to Logansport after spending the holidays with her parents, Mr. and Mrs. N. DeWald. She is accompanied by her sister, Miss Sophia DeWald, who will spend the winter in Logansport.

TO SELL BOXES AT AUCTION

FOR THE ELKS' ANNUAL CHARITY PERFORMANCE.

Minstrel Performances February 6 and 7 Will be Preceded by a Gorgeous Street Parade.

Chairman Alter's committee, which has in charge the annual charity entertainment of the Fort Wayne Lodge of Elks, held a meeting last evening to perfect arrangements for the spectacular amusement event which is to fade all others into a very cheap shade of yellow. It has been definitely decided to give a minstrel show and the dates are February 6 and 7.

Two performances are to be given at the Masonic Temple. The Grubb minstrel syndicate is to direct the performance, furnish scenery, costumes and accessories, but the actors will be of the home brand exclusively. The proceeds will, as usual, be distributed among the various charitable institutions.

The general admission has been placed at \$1, but a new feature has been interjected in the disposition of the boxes at the Temple, which will be sold at auction, and which will undoubtedly bring prices far in excess of the regular admission price. Preliminary to the opening performance a dazzling free street parade will be given on the afternoon of February 6.

IN JUSTICES' COURTS.

Peter Haines will shortly be made to understand that it is foolish business to monkey with the legal buzz-saw and that the quicker a fellow hops on to the judicial band wagon as it goes snailing by the quicker he'll get to the show ground. Peter was a witness to the runaway accident in which Robert Komiek was killed in the west end of the city some weeks ago and was summoned by Coroner Barnett to appear at the inquest and give his testimony. Peter refused to come on the ground that he was too busy. Now the coroner is getting busy himself and has filed an affidavit against the industrious Mr. Haines for refusal to obey a subpoena. Justice Bullermann issued the warrant, which will be served sometime today.

Justice Bullermann yesterday afternoon fined Owen Gaskill, a bad youngster, living in the east end, \$1 and costs for assaulting another lad named Henry Hannefeld, also an east ender, on December 11. The boys are about 14 years of age and became involved with some other boys in a squabble. Gaskill wound up by being the whole thing and Hannefeld became the passive member. His nose was broken and he was a pretty badly used up individual all around before the fight was over.

The many friends of G. H. Hausan, engineer, L. E. & W. R. E., at present living in Lima, Ohio, will be pleased to know of his recovery from threatened kidney disease. He writes: "I was cured by Foley's Kidney Cure, which I recommend to all, especially trainmen who are usually similarly afflicted." Sold by Dreier & Bro., Fellens & Folster.

CANDIDATES IN TOWN.

Griffith D. Dean, of Marion, has been in the city the past day or two interviewing a number of the leading republicans. Mr. Dean would like the republican nomination for attorney general of Indiana. Charles W. Miller, of Goschen, who has his eye upon the same place, is expected in the city today to feel the political pulse in this section.

BEWARE OF OINTMENTS FOR CATARRH THAT CONTAIN MERCURY

as mercury will surely destroy the sense of smell and completely debase the whole system when entering it through the mucous surfaces. Such articles have never been used except by quacks. It is a fact that the danger to the system is the danger that will do it to the fold in the eye and can possibly derive from them. Hall's Catarrh Cure is the only one that is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney and Co. Testimonials free. Sold by Druggists, price, 50c per bottle. Hall's Family Pills are the best.

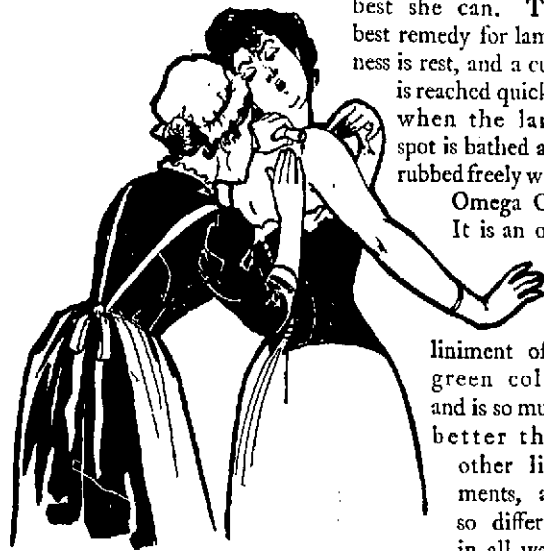

Huntington Herald: "James Eakem, of Fort Wayne, an old Huntington county boy, who never loses track of affairs in his native region, was in the city a few hours today. He was returning home from a visit at Markie."

Lame Shoulders Omega Oil

A person with lame shoulders comes pretty near being helpless. A lameness in the arms or leg or back is just about as bad. Some men have to stop work while suffering in this way, but a woman usually has so much to do around the house that she just has to keep going as best she can. The best remedy for lameness is rest, and a cure is reached quicker when the lame spot is bathed and rubbed freely with Omega Oil. It is an oily

liniment of a green color, and is so much better than other liniments, and so different in all ways,

that you should never lose time fooling with something else. All good druggists sell Omega Oil, but if you happen to go where it is not on sale, please tell the druggist he ought to get a supply of his wholesaler. If you want any pain or ache to be quickly cured, Omega Oil is the remedy that will do the work. 50c. a bottle.

THE CENTER
OF TRADE.

Since the opening of our sale last Saturday our store has been taxed to its utmost by crowds of buyers. We have prepared for the great trade we anticipated by having additional force of sales people. Our cost sale is genuine to the letter. It reaches every article in our numerous departments, not only a few items here and there, but takes in our mammoth stock contained in our three floors.

That's why we're doing the business and accounts for the tremendous crowds in daily attendance.

A glance in our cloak department will convince you where real bargains are obtainable. Terrific reductions in ladies', misses' and children's winter wraps at cost price; many garments at less than half price.

Unheard of sacrifices in prices on furs and fur jackets.

Our stock of silk and flannel waists are sold at cost and less than cost, the same applies to silk and cotton petticoats.

It's little wonder why the people are buying lace curtains, carpets and rugs so generously. You will be amazed at the prices we ask for high class merchandise on our first floor.

If you can devote the time and care to bring along your purse you will save more dollars on our high class goods than you ever imagine you will be able to do.

Housekeepers' linens, towels and napkins at actual cost price. Muslins, ginghams, linings, flannels at cost.

Black and colored dress goods, silk umbrellas, embroideries, white goods, ladies' and gents' underwear, hosiery, etc., etc., sold for actual cost price. It's up to you now whether you care to avail yourself of this opportunity. We impose only one condition and that is, during the sale goods are sold for cash only and not sent out on approval.

Come today and every day throughout the continuance of this great sale.

and buy all sorts of goods because they are said to be cheap. And they pay dearly for them. Special goods are generally made especially for special sales. They are the poorest goods at the highest prices. Our regular goods at our regular prices are the most profitable to buy under any and all circumstances. Our prices are the lowest consistent with a safe business policy and our goods the best that cash will buy. Our cook stoves for the spring trade are now on exhibition and we invite you to call and see them. We can sell you a good cook stove for \$10.00. Just the thing for a small family. Nothing shoddy. First-class in every way.

SAVY

Wayne Dry Goods Co.

Without and Circus Poster advertising—"The greatest and most wonderful favor distributing event in the annals of history, etc., etc."—we announced the opening of our

Semi-Annual Stock Reducing Sale.

The people remembering our former sales, and knowing that they would get a uniform reduction on everything they wished to buy, and not merely upon a few well known domestics came in gratifying numbers to purchase, proving their faith and interest in

WAYNE DRY GOODS CO.'S Advertised Bargains.

This Big Stock Reduction Sale Will Continue Until Further Notice.

You will find this sale unique in some respects, for it includes not only Fall and Winter stock, but many lines that were bought in the last thirty days with instructions that they were not to be shipped to us before the middle of February or the first of March. Owing to an unusually large business and lack of room for storage for large stocks purchased, importers and jobbers with whom we placed orders, have asked for the privilege of shipping at once, without change of terms. This of course crowds us for room and compels us to place on sale lines that are not usually offered for several months yet.

Our Big Reduction Sale

WILL INVESTIGATE

INTERSTATE COMMERCE COMMISSION INQUISITIVE.

RAILWAY DEALS ILLEGAL

PENNSYLVANIA AND B. & O.

COME IN FOR ATTENTION.

NEWS OF THE SHOP AND RAIL

BASS COMPANY BOOKS ORDER FOR ENGINE.

Chicago, Jan. 7.—What is expected to be one of the most interesting sessions of the inter-state commerce commission ever held began here today when the commissioners listened to testimony concerning freight rates and alleged discrimination in connection with packing house products. The investigation was a continuation of the one begun last spring when Chicago shippers complained that Kansas City was being favored by certain roads.

Public interest, however, is centered in tomorrow's meeting, at which the commissioners will endeavor to get some light on the effect of recent railroad mergers on the rate situation. It is said that the inquiry into the proposed combination of the Northern Pacific, Great Northern and the Chicago, Burlington and Quincy is but the forerunner of an investigation which will ultimately reach the Southern and Union Pacific lines, the Pennsylvania, the Baltimore and Ohio and the Chesapeake and Ohio.

Traffic Manager Whitney, of the Toledo, St. Louis and Western, and Traffic Manager McCabe, of the Pennsylvania, occupied the witness stand during the forenoon. Both admitted that reduced rates had been given on packing house products at various times from East St. Louis and Chicago and each claimed that his road had merely been meeting the competition of others. The cuts were from 5 to 7 1/2 cents and were applied only to export products. Mr. Whitney said that all roads, he believed, were now charging the full tariff rate on goods destined for foreign shipment. He observed that New Year's day the roads generally turned over a new leaf and sometimes clung to their good resolutions as long as three weeks.

A member of the commission stated that J. J. Hill and E. H. Harriman had been invited to attend the session of the commission tomorrow. He said that when the commissioners

Suffered 20 Years. Cured of Piles.

A. L. Husing, Alma, W. Va., writes: "I suffered frightfully for 20 years from itching, blind and bleeding piles. I tried many remedies without relief; the first application of Pyramid Pile Cure gave blessed relief and part of a 50 cent box cured me completely." For sale by all druggists. Little book, "Piles, Causes and Cures" mailed free. Pyramid Drug Co., Marshall, Mich.

FEEDS ONE—STARVES OTHER

Feeds the body—starves the microbes! That is what Scott's Emulsion does in consumption.

We can't expect to understand all about these germs and microbes the doctors talk of. They say that one kind causes consumption. Consumption microbes feed on weak lungs. Perhaps that's so.

At any rate we know that Scott's Emulsion has a peculiar action on the lungs which gives the lungs new life and vigor. Healthy lungs starve the microbes out.

Life for the lungs and flesh for the body, that is what the consumptive has a right to expect from Scott's Emulsion. An ideal food and tonic for any form of wasting disease.

held their session in New York they would endeavor to get information from J. Pierpont Morgan.

A CONVENIENT OIL HOUSE.

General Foreman J. H. Bedson, of the Nickel Plate round house and shops in this city, has put into operation a home devised and home-made apparatus for transferring oil from barrels to the five big fireproof steel tanks in the oil house. He has fitted up a discarded locomotive air pump in the boiler room near the oil house and by a system of pipes, connected it with the pump in the latter building. This pump is constructed after the manner of the common air compressor pump in use in forcing water from piped wells. It is simply a tube with a sleeve end to rest upon the bottom of the vessel from which the oil is to be taken and a pipe or rubber hose long enough to reach the top of the steel tanks is attached to the other end. This pipe passes through cone-shaped piece for driving into the bungalow. This piece has an opening through which air is conveyed to the barrel and is connected by pipes and hose with the air pump. The pressure of air upon the contents of the barrel forces the oil up through the pipe into the tanks. By this simple method seventeen barrels of oil were transferred to the tanks yesterday afternoon between the hours of 2:30 and 4:30 and the man in charge worked leisurely at that. Before Mr. Bedson set up the air pump in the boiler room he took power to operate the oil pump from an engine in the round house for awhile, but it was not always convenient to have an engine placed in position and connected and it was this that led him to devise a new method. For a number of years the oil was drawn directly from the barrels through the old-fashioned siphon.

TOOK ON SOME MORE MEN.

General Foreman William Paul, of the Wabash shops, has added the following names to his list of shopmen: James J. Carroll, Edwin Hoffman and H. Hibbler, machinists, and James Godfrey and Matthias Wambach, helpers. The shop force is now the largest in the history of the road.

HAD SOME TOES MASHED.

Andrew Ernst, a section man in the employ of the Wabash, was the victim of a painful accident yesterday and one which will disable him for

awhile. He was assisting in taking a hand car from the main tracks and stepped aside while the others pushed the car beyond the reach of passing trains, but failed to get far enough away. One of the car wheels ran over and crushed the toes of his left foot.

EASTBOUND TRAVEL HEAVY.

The Pennsylvania, the Wabash and the Nickel Plate agents report east-bound travel on the increase, after a week of very light business. No. 8, on the Wabash, among a number of travelers for points in Ohio and Michigan out of this city, had a party composed of Mr. and Mrs. Deming, Miss Virginia Carnahan and Miss Peters, bound for New York. A Pennsylvania train had aboard it, when it pulled out of the station, Henry Paul, Max Hoffman and C. Davenport, bound for Pittsburg, and Fred McCulloch and the two sons of A. D. Cressler, who are returning to New Haven, Conn., to resume their studies in college. The Nickel Plate carried several parties to Buffalo and other eastern points. Taken as a whole the ticket sales today were far in advance of those of the corresponding season of any preceding year.

THE LINDSEY FUNERAL.

All of the railway brotherhoods and their auxiliaries will be well represented at the funeral of the late Engineer James E. Lindsey tomorrow afternoon. The Sentinel has been requested to state that the Ladies' auxiliary of the Brotherhood of Locomotive Engineers will meet at the home of Mrs. Joe Studer, No. 84 West Third street, at 1 o'clock, and proceed from there to the home of the bereaved family, where the services are to be held a half hour later. The Fort Wayne lodge, No. 136, B. of E. T., will also turn out in a body upon invitation of the Knights of Pythias, and will meet at K. of P. hall at 1 o'clock for that purpose. The engineers will meet at their hall and it is quite probable that the firemen will do likewise, though at the time of writing no definite arrangements had been made.

BASS WORKS GETS NICE ORDER.

Among a number of orders booked at the Bass works yesterday was one from the Ohio Leather company, of Youngstown, Ohio, which calls for a 200-horse power Corlies engine, with cylinders 20x42. The contract also involves a fifteen-foot drive pulley, with a twenty-nine-inch face.

IN HIS OLD PLACE.

Henry Regel, for six years employed at city five engine house No. 5, on Broadway, has resigned that position. Last night he resumed a position in the Bass machine shop, being assigned to the night gang. Henry is a good workman and a good fellow and the machinists at the Bass works are glad to have him as a shopmate once more.

IN ADJOURNED SESSION.

The Pennsylvania master mechanics, who are holding a conference in Supt. D. F. Crawford's office, did not complete their business last evening, as anticipated, and held another session today. Matters of particular interest are being considered.

NICE ORDER FOR CAR WORK.

Instructions have been given the Pittsburg car shops in this city to equip twenty coaches with steam heaters as soon as possible. These cars have been in the summer excursion business and there being no occasion for artificial heat in them, no provisions were made in that direction. Now there is a demand for

more cars in the regular passenger business and the company takes this method of meeting the demand. The cars are in good order otherwise.

INDUSTRIAL NOTES.

Pittsburg Fireman J. Langebaugh is off duty on account of an injured back.

Assistant Round House Foreman Frank J. Burns, of the Pittsburg, is sick and off duty.

Peter Junk, Louis Gronau, H. Jacobs and John Shuster, Pittsburg shopmen, are sick.

Operator C. H. Meek, of the Nickel Plate, was off duty on account of sickness yesterday.

Nickel Plate Fireman George Conklin has been assigned to engine 6, with Engineer John Boltger.

J. C. Stephens, assistant day foreman of the Pittsburg freight house, is off duty, nursing a lame foot.

Brakeman W. H. Elder, who recently took a position on the Nickel Plate, is off duty on account of sickness.

Alex. Tavenet and David Prim, the Pennsylvania switchmen who were on the sick list, reported for duty this morning.

Pittsburg Engineer C. Craig is suffering from an attack of sciatica and will be unable to take his place at the throttle for a few days.

William H. Hildinger and Thomas J. Gehrty, the latter from Chicago, have taken positions in the Pittsburg blacksmith shops.

Henry Dassel, electrician at the Pennsylvania power plant, has one of those most painful of afflictions—a felon on his left thumb.

A. Stein, a machinist, resigned his position at the Bass works yesterday and this morning commenced working at the Electric works.

L. O. Starr, machinist, and John Edelman, axle turner, reported for work at the Pittsburg shops this morning after being on the sick list a few days.

Conductor Ed Hindel and Brakeman L. R. Stone are sick and Brakeman W. D. Keim is suffering from affected eyes, the result of a cold. They are Nickel Plate employees.

Fred Norton, stationary fireman at the Nickel Plate shops, resumed work yesterday. He was laying off to entertain his brother, James Norton, who returned to his home in Toledo last night.

Fireman J. M. Frase, of the Nickel Plate, was initiated into A. G. Post lodge, No. 141, Brotherhood of Locomotive Firemen, last night. He is a brother to Engineer Wash Frase, of the Nickel Plate.

Merchant Baldwin, the train dispatcher, completely severed connection with the Nickel Plate Saturday and is now in Chicago. It is understood that he is considering two or three propositions and will make a selection in a day or two. He may go to Buffalo.

After an illness of three months Nickel Plate Brakeman J. S. Carey reported for duty yesterday. Brakeman J. W. Miller, who was visiting in Fremont, O., and Brakeman W. C. Erickson, who was looking after private business a couple of days, also reported for duty yesterday.

Engines 13 and 16 have been turned out of the Stony Island shops of the Nickel Plate and are again in service. No. 15 is running on through freight between this city and Bellevue, in charge of Engineer D. T. McFee and Fireman M. F. Ore, and No. 16 has been assigned to a local freight run between Leipsic and Bellevue.

L. G. Dailey, a clerk at the Pennsylvania shops, has discarded his crutches and now gets around with the assistance of a cane. Ten or twelve years ago, when a fireman on the Pittsburg, Mr. Dailey had his left knee injured and the limb never got entirely well. Occasionally the knee becomes very lame, and he has just passed through such an experience.

People Will Go
to Special Sales

and buy all sorts of goods because they are said to be cheap. And they pay dearly for them. Special goods are generally made especially for special sales. They are the poorest goods at the highest prices. Our regular goods at our regular prices are the most profitable to buy under any and all circumstances. Our prices are the lowest consistent with a safe business policy and our goods the best that cash will buy. Our cook stoves for the spring trade are now on exhibition and we invite you to call and see them. We can sell you a good cook stove for \$10.00. Just the thing for a small family. Nothing shoddy. First-class in every way.

The people remembering our former sales, and knowing that they would get a uniform reduction on everything they wished to buy, and not merely upon a few well known domestics came in gratifying numbers to purchase, proving their faith and interest in

WAYNE DRY GOODS CO.'S
Advertised Bargains.This Big Stock Reduction Sale
Will Continue Until Further Notice.

You will find this sale unique in some respects, for it includes not only Fall and Winter stock, but many lines that were bought in the last thirty days with instructions that they were not to be shipped to us before the middle of February or the first of March. Owing to an unusually large business and lack of room for storage for large stocks purchased, importers and jobbers with whom we placed orders, have asked for the privilege of shipping at once, without change of terms. This of course crowds us for room and compels us to place on sale lines that are not usually offered for several months yet.

Our Big Reduction Sale

has started with a rush, and our fine stock, low prices and additional inducement of the Green Trading Stamps will keep it booming as long as we feel like continuing it.

Some one observed yesterday, that our sale was as enjoyable as a picnic.

Come to the Picnic and get some of the good pickings.
